

Configuring Internet Explorer 9.0

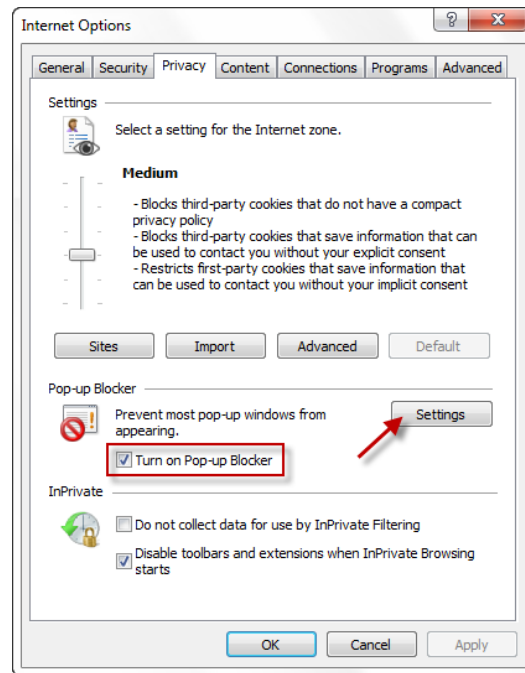

1. Open Internet Explorer and enable “**Compatibility View**” by clicking on the broken page icon next to the address bar (If the page is blue, it’s enabled). Then click on “**Tools**” and “**Internet Options.**”

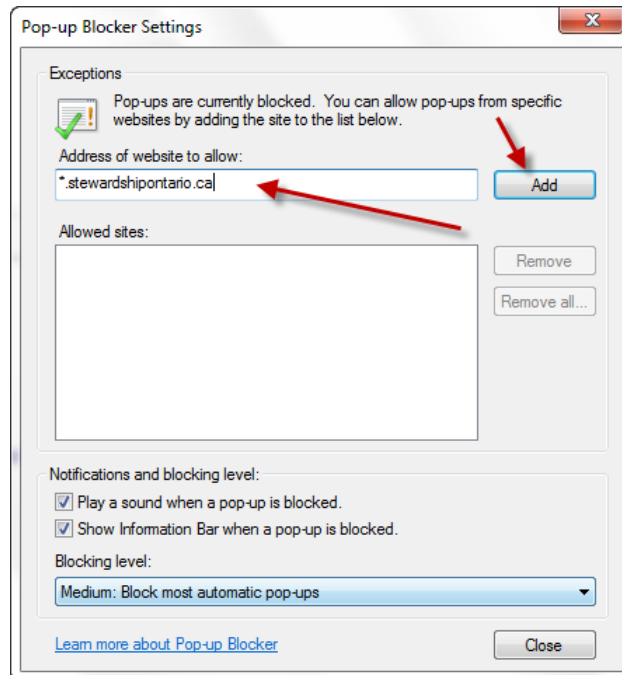

2. In the “**Internet Options**” window click on the “**Privacy**” tab.

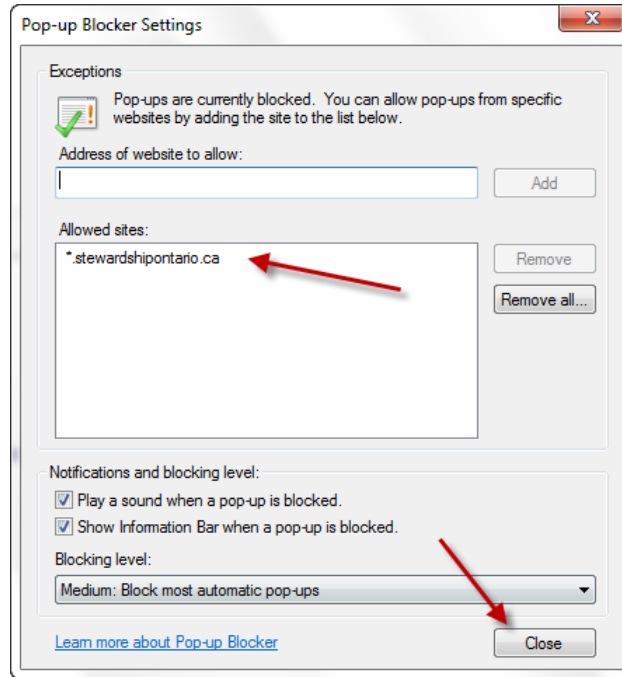

3. Under the **“Privacy”** tab confirm if **“Turn on Pop-up Blockers”** is checked, if it is, click on **“Settings.”**

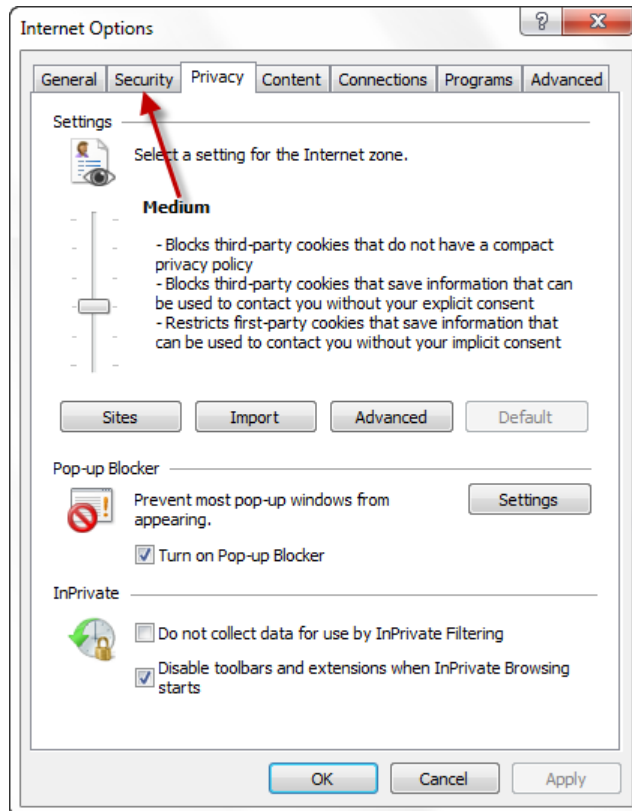

4. In the **“Pop-up Blocker Settings”** Window under the **“Address of Website to allow”** type in **“*.stewardshipontario.ca”** and **“*.stewardshipontario.com”** and click **“Add.”**

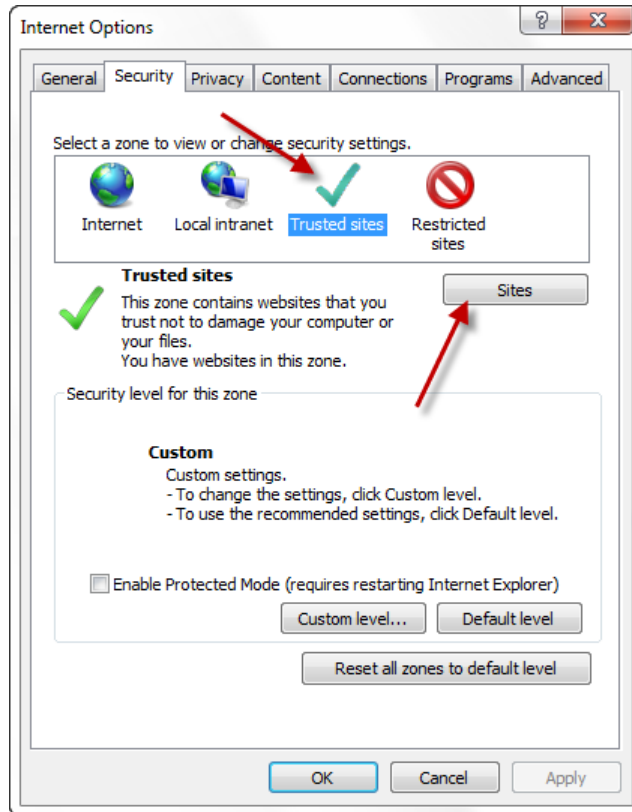

5. Once “*.stewardshipontario.ca” and “*.stewardshipontario.com” are listed under “Allowed Sites” click on “Close.”

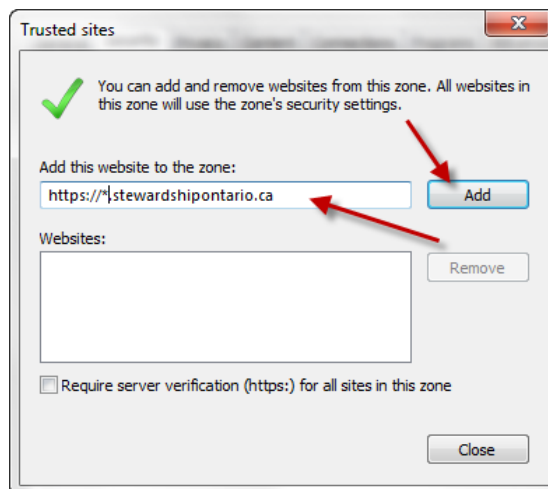

6. Back in the “Internet Options” window now click on the “Security” tab.

7. Under the “Security” tab click on “Trusted Sites” and then “Sites.”

8. In the “Trusted Sites” window type in “https://*.stewardshipontario.ca”
“https://*.stewardshipontario.com” in the “Add this Website to the Zone” field and click “Add.”

Your browser is now configured to use the Stewardship Ontario Portal.
