

ADDENDUM

Stewardship Ontario RFQ – Blue Box MRF Material Composition Study 2013

Quotations Due: Monday, May 6, 2013 by 4:00pm

To all registrants of record:

This addendum is issued to clarify, add, delete, correct and/or change the proposal documents to the extent indicated and is hereby made a part of the above noted RFQ documents on which the contract will be based. Any modifications/changes made by this addendum affect only the portions or paragraphs specifically identified herein; all remaining portions of the quotation to remain in force. It is the responsibility of all Applicants to conform to this addendum.

Question: In section 6.1 it states *“this work requires bidders to provide a minimum of 2, preferably 3, sorters for 7.5 hours per day for up to two days per MRF”*. Please clarify; does Stewardship Ontario want material samples sorted based on the *“Specification for MRF Sampling (Section 3)”* which requires the contractor to sort between 1200-1800kgs of material over a two day visit at each MRF or the amount of material per day that can be managed by 2 or 3 sorters?

Response:

We understand that the time to sort the required 1200-1800kgs of material (over 2 days at each MRF) will vary depending on materials sorted, availability of product to sort and assistance by MRF staff.

Stewardship Ontario will work with the successful bidder to select materials for sorting that will be readily available at each MRF location and coordinate to “balance out” the categories that require a higher level of sorting with those that require less. We also have the agreed upon cooperation of the MRF staff at each location to provide assistance during the process.

For the purpose of this Request for Quotations, please assume that there will be a minimum amount of wait time between sampling. Stewardship Ontario will be in contact with the successful bidder on a daily basis and will be available to coordinate modifications to the sorting schedule should unforeseen issues arise (i.e. baler downtime, sort line malfunctions etc.)

Please provide pricing on Table 4 with the required number of staff that is required to accomplish the sorting as outlined in Section 3 of the original RFQ document.

End of Addendum

This Addendum must be *Signed & Returned* with your Quotation
