POLICY FOR STEWARD-INITIATED ADJUSTMENT REQUESTS*

KEY FEATURES:

- Stewards can request adjustments to submitted reports as per the revised deadlines imposed by the Approved Blue Box Transition Plan
- Adjustment requests must include supporting documentation
- Only adjustments that meet the Policy requirements will be processed

* As a result of Simplified Fee Setting, only new stewards to the Program may be eligible for adjustments under this policy. Existing Stewards should review the Policy for Simplified Fee Setting During the Blue Box Wind Up to determine whether they may qualify for changes to previously filed Annual Steward Reports.

I. Overview

1. This policy provides guidance to Blue Box stewards as to the types of adjustments that may be allowed. This Policy has been modified by the adjustment deadlines specified in the Policy for Simplified Stewardship Fee Setting. If there is a discrepancy between this Policy and the Policy for Simplified Stewardship Fee Setting or the approved Wind Up Plan, the latter two documents prevail over this Policy.

II. Purpose

2. This policy promotes fairness and consistency for all Blue Box and enables Stewardship Ontario to operate in a cost-effective manner.
3. The time limit imposed by the Approved Blue Box Transition Plan:
 - (a) helps stabilize fees as adjustments can impact the total quantities of supplied materials (i.e. steward-reported quantities) which in turn impacts fee setting for the subsequent period or year. For example, where an adjustment results in a credit, these funds must be recouped in the subsequent period or year from steward fees and will be added to the program's budget; and
 - (b) provides stewards with sufficient time to identify possible issues in their reports and submit adjustment requests. Table 1 below stipulates the relevant deadlines.

III. Scope

4. This policy applies to all adjustment requests submitted on or after January 1, 2023, regardless of the data or reporting period/year associated with the adjustment request, initiated by stewards and voluntary stewards (“stewards”) meeting their regulatory stewardship obligations for the following program:
 - Stewardship Ontario Blue Box Program

5. This Policy:
 - (a) shall remain in force from the time that it is posted on the program’s website until the time it is replaced; and
 - (b) shall be automatically amended by substituting the year appearing in this policy with the subsequent year, unless or until a new policy is posted on the program’s website.

IV. Policy

Reporting and Payments Must be Up-to-Date

6. Only stewards whose reporting and payments to the program are up-to-date may make an adjustment request.

Time Limit for Adjustment Requests

7. Stewards can request adjustments from the associated report submission deadline, regardless of the date the steward submitted its report by the deadlines specified in this Policy. Except as provided for in the Policy for Simplified Stewardship Fee Setting, no further Annual Steward Reports will be submitted and no further adjustments to prior year(s) Reports will be permitted.

Table 1 – PPP Reports (Annual cycle)¹².

Report	2021 Report (2020 Data)	2022 Report (2021 Data)	2023 Report (2022 Data)	2024 Report (2023 Data)
Deadline for annual report submission	May 31, 2021	May 31, 2022	May 31, 2023	May 31, 2024
Deadline for completed Adjustment Request	July 31, 2022	July 31, 2023	May 31, 2024	May 31, 2024

¹² This Table has been adjusted according to the approved Stewardship Ontario Blue Box Transition Plan. If the deadline for an adjustment request falls on a non-business day, the deadline is extended to the next business day. Should an apparent discrepancy be observed when comparing this Policy and the approved Blue Box Transition Plan, the latter shall govern. Please refer to Appendix H if you are steward who is eligible for simplified fee setting.

Stewards Who Have Exited a Program

8. A steward who has exited a program:
 - (a) may file an adjustment request within 30 days of exiting the program, following which no adjustment request may be filed; and
 - (b) will be credited or debited within 90 days, unless the adjustment request requires a review.

How to Make an Adjustment Request

9. All stewards who wish to make an adjustment request must:
 - (a) submit a completed and signed Adjustment Request Form ([found here](#)) and email it to werecycle@stewardshipontario.ca; and
 - (b) provide accompanying supporting documentation.

Contents of Adjustment Request form and Supporting Documentation

10. Adjustment requests must include:
 - (a) clear and detailed supporting documentation and narratives to explain each of the errors; and
 - (b) an audit trail that, if followed, would confirm the legitimacy of the adjustment request.
11. If there are multiple errors in a single report, stewards must include all relevant information for all errors as only one adjustment request will be considered for each year's report.
12. See Appendix A: "Steps to Complete an Adjustment Request" for step-by-step guidance on submitting an adjustment request.

Credits and Debits

13. Following assessment of the steward's adjustment request:
 - (a) Net Credits:
 - (i) can be applied to the steward's current or future invoices in the corresponding program; or
 - (ii) may be paid to the steward by cheque, upon request by the steward.
 - (b) Debits are due within 30 days of the date of issue and are subject to the Penalty and Interest Policy.

Permitted Adjustments

14. Subject to adequate substantiation, adjustment requests that will be considered are limited to the following circumstances:
 - (a) incorrect formula in Excel spreadsheet or similar "tool";
 - (b) incorrect logic in Excel spreadsheet or similar "tool";

- (c) material classification error;
- (d) material weight input error (e.g., entered 1 instead of 10);
- (e) data entered in the wrong units (e.g., in grams instead of kilograms);
- (f) exclusion of materials in error;
- (g) inclusion of material for which another steward is obligated¹³
- (h) inclusion of PPP which is not obligated¹⁴ by the Program (-e.g. inclusion of IC&I or durable packaging)
- ~~(h)~~(i) actual data to replace estimates used by newly on-boarded stewards.

Non-Permitted Adjustments

15. Adjustment that will not be accepted include, but are not limited to:

(a) Adjustments resulting from reporting methodology changes¹⁵:

- (i) changing from the use of estimates, calculators, or Average Bill of Materials (ABOMS) etc. to the reporting of “actuals, or *vice versa*;
- (ii) application of a new study or change in internal processes that identifies previous errors in reported quantities,¹⁴
- (iii) changing percentage allocations (e.g. for returns, for changes to ship-to and sold data, or for changes to deductions);
- (iv) methodological changes made to a Steward’s Average Bill of Material groupings (ABOM’s). This includes any reorganization of the sample products which form the ABOM itself, or the reorganization of how the ABOM’s are applied to a company’s SKU’s;
- (v) creation of ABOMs, when one was not originally used to develop the report, and *vice versa*.

(b) Adjustments on adjustments:

Requests will not be considered for changes to a report where the steward previously requested an adjustment for the same report, regardless of whether the

¹³ For greater clarity, this does not include material which is obligated by the Program and may have been eligible for a deduction in the year in which the Annual Steward Report was submitted. Retroactive deduction requests are not permitted by this Policy.

¹⁴ Efforts to improve the accuracy of reports are appreciated and can be used for future reports, but cannot be applied retroactively.

¹⁴ “Not obligated” means material that is never Supplied to a residential consumer or does not fit the definition of Designated Blue Box Waste in the Stewardship Ontario Rules. Examples of material that is not obligated include IC&I and/or durable packaging.

¹⁵ “Methodology” means the process used by the Steward to determine its calculation of its Supplied quantity of Printed Paper and Packaging, including, but not limited to, data sources, percentage allocation of data reported, data collection systems, and the use of calculators, worksheets, commercial software, or mathematical formulae. “Methodological Change” or “Methodology Change” indicates a change to the “Methodology.”

steward is seeking the same or a different adjustment to the previously submitted report.

(c) Adjustments due to changes to your business model such as divestments, mergers/acquisitions, that involve the discontinuance of a segment of your business (e.g., ceasing a brand, or product line) or changes in the PPP that You supply (e.g. discontinuing the use of paper advertising flyers).

If part of your business is acquired, divested, or was discontinued in a given calendar year, the impact of those changes, if any, must be included during the next reporting cycle, but the steward will not be permitted to make an adjustment to a previously submitted report.

(d) Adjustments with inadequate substantiation and supporting documentation:

- (i) Stewards may be required to undergo a third-party review, at the steward's expense, in order to have their adjustment requests validated and processed.
- (ii) If an incomplete package is submitted or additional substantiation is required by the program(s), stewards will be notified and must provide the additional documentation within 30 days of notification. A steward's adjustment request will be closed where the steward fails to provide additional information requested by the program(s) within 30 days.

Processing Time

16. Adjustments can take from weeks to months to process. The amount of time is a function of a number of factors that include complexity, the completeness of the steward's supporting documentation, and the number of adjustments in the queue.

Reviews

17. A third-party review is a detailed examination of a steward's methodology and data collection and reporting processes conducted by an independent consultant.

18. Stewardship Ontario reserves the right to initiate a third-party review of an adjustment request, and may do so in its sole discretion.

19. Third-party reviews will be paid for by the affected steward. In the event that the program determines that a third-party review is warranted, a steward's refusal to participate in or pay for a third-party review will result in the steward's adjustment request being closed.

20. The scope and cost of the review will be outlined in a contract with the steward.

21. A Third-party professional services firm engaged to undertake a review will be required to ensure its independence.

22. Every effort will be made to collaborate with the steward with respect to the review process and timing.

CHECK THE ACCURACY OF YOUR REPORTS

- All stewards are advised to take the following steps to identify potential errors in their reports on a timely basis:
- Carefully review Submission Detail Report (SDR) which is available on the WeRecycle Reporting Portal immediately upon submission of your steward report for accuracy.
- Review your quarterly/first annual invoice for evidence of any errors (e.g. your invoice is significantly higher or lower than expected).
- Contact Stewardship Ontario as soon as possible after identifying a potential error.

QUESTIONS AND ASSISTANCE

Please contact National Steward Services with any questions about the adjustment process:

Appendix A

Steps to Complete an Adjustment Request

1. Verify that your request meets the criteria for permitted adjustments.
2. Ensure that your request and submission of all materials to substantiate the request, including all information requested by Circular Materials, on behalf of Stewardship Ontario is made within the specified timeframe.
3. Download the Adjustment Request Form [available here](#).
4. Complete the Adjustment Request Form.

Appendix F

PENALTY AND INTEREST POLICY

KEY FEATURES:

- Penalty and/or interest charges will apply for obligated stewards who:
 - Fail to meet their registration obligations in accordance with program deadlines;
 - Fail to file their reports in accordance with program deadlines; and/or
 - Intentionally file an inaccurate report; and/or
 - Fail to pay an invoice according to program deadlines

I. Overview

1. This Policy provides guidance to stewards regarding conduct that will result in the application of penalty, and/or interest charges.
2. Nothing in this Policy limits a program's ability to escalate a steward to the applicable Ministry or Authority as specified in the governing legislation.

II. Purpose

3. The Penalty and Interest Policy promotes fairness and consistency for all stewards and enables stewardship programs to operate in a cost-effective manner by applying a set of consistent penalties and interest to serve as a deterrent to non-compliance.

III. Scope

4. This policy applies effective January 1, 2023 for all stewards and voluntary stewards ("stewards") meeting their regulatory stewardship obligations with the following programs:
Stewardship Ontario (SO) Blue Box Program

IV. Policy

5. Definitions

- a. **“Obligation Date”** is the date that a steward begins supplying designated material in the province, after which they have 60 days to register with the Program.¹⁶
- b. **“Reporting Deadline”** is the date that packaging and paper Annual Steward Reports are due each year (May 31).
- c. **“Substantiation Request Date”** is the date on which the program provides the steward with written notice, by email, that the Penalty and Interest Policy will apply if the steward has not provided substantiation within the 30 days following such notice regarding one or more Annual Steward Reports submitted via the WeRecycle Portal.
- d. **“Payment Due Date”** is the date that payment is due for an invoice associated with a steward’s account. The Payment Due Date can be found on each invoice.

6. Penalties and interest will be applied in the scenarios outlined in the following charts.

¹⁶ Ontario stewards are obligated from the date they were notified of the Stewardship Ontario Rules. As of 2016, Ontario stewards are deemed to have been notified at the time the Stewardship Ontario Rules were posted on Stewardship Ontario's website. Ontario stewards that were notified of the Stewardship Ontario Rules by email or mail prior to 2016 are obligated from the date of that notice.

DEDUCTION AND EXCLUSION POLICY

KEY FEATURES:

- This Policy provides guidance about “deductions” and “exclusions” from the Annual Steward Report

**As a result of the Simplified Stewardship Fee Setting Policy Stewards, as of 2022, Stewards will not be filing a 2022 Annual Steward Report. As a result, going forward, there will be no “deductions” or “exclusions” from a Steward’s report because Stewards will not be submitted Annual Steward Reports. In accordance with the Policy for Steward Initiated Adjustments, retroactive deductions are not permitted.*

***If there is a discrepancy between the Deductions and Exclusions Policy and the Policy for Simplified Stewardship Fee Setting or the approved Wind Up Plan, the latter two documents prevail over this Policy.*

I. Overview

1. This Policy:

- outlines the scope of permitted deductions in Annual Steward Reports; and
- explains what materials must be excluded from Annual Steward Reports because they are not designated paper or packaging materials.

II. Purpose

2. The Policy:

- promotes fairness and consistency for all stewards; and
- supports stewards in their obligation to produce Annual Steward Reports which are auditable by the Program and by provincial regulators.

III. Scope

3. This Policy is effective January 1, 2023⁴ for all stewards meeting their regulatory stewardship obligations with Stewardship Ontario (Blue Box).

IV. Policy

(a) Definitions

4. “**Annual Steward Report**” is the annual report Filed by all stewards and voluntary stewards, which describes the aggregate amount of Obligated Material, expressed in kilograms or units by category, Supplied by the steward and its franchisees or affiliates during the Data Year.

5. **“Consumer”** means an individual (other than a Person in the Industrial, Commercial, or Institutional (IC&I) sector) to whom Obligated Material is Supplied, regardless of whether the Obligated Material is disposed of by the Consumer in the Residential Waste System.
6. **“Deduction Declaration Form”** – an excel or form available via WeRecycle Portal that the steward is required to complete and submit with their Annual Report for validation
7. **“Designated Material”** means paper, packaging, and service packaging which is Supplied to Consumers and is designated pursuant to the Stewardship Ontario Blue Box Program.
8. **“Excluded Material”** has the meaning provided in section [18].
9. **“Gross Weight”** means the total weight of all Obligated Material Supplied to Consumers, without deduction.
10. **“Jurisdiction”** means Ontario.
11. **“Permitted Deductions”** means the deductions that may be claimed by stewards with respect to Obligated Material in accordance with this Policy.
12. **“PPP”** means packaging and paper products Designated by the Stewardship Ontario Blue Box Program.
13. **“Program”** means the Stewardship Ontario Blue Box Program.
14. **“Residential Waste System”** means a system of waste collection which services residential dwellings, including all single family and multi-family dwellings, regardless of whether the service is provided by a municipal government or by private contractors.
15. **“Supplied”** means sold, leased, donated, disposed of, used, transferred the possession of or title of, or otherwise made available to a Consumer in Ontario or distributed to a Consumer in Ontario. ~~Supply and Supplies have similar meanings. means sold, leased, donated, disposed of, used, transferred the possession of or title of, or otherwise made available to a Consumer in the Jurisdiction or distributed for use by a Consumer in the Jurisdiction. Supply and Supplies have similar meanings.~~
16. **“Service Packaging”** means packaging which may or may not bear a Brand that is Supplied at the point of sale by the retail, food-service or other service providers to facilitate the delivery of goods, and includes all bags, boxes, and other items for the containment of goods at point of sale
17. **“Validation Data”** means data such as SKU, UPC or other product categorization information, including:
 - (a) descriptions of each product item or group;
 - (b) product sizes;
 - (c) packaging materials and weight;
 - (d) sales volumesthat may be requested by the Program to:
 - (i) substantiate quantities reported by stewards in their Annual Steward Report; or

Stewardship Ontario

- (ii) assess a steward's request for a Permitted Deduction.

(b) Overview: “Deductions” versus “Exclusions”

18. “Exclusions” are different from “Deductions”:

(a) “Exclusions”:

- (i) relate to material which is not Designated Material by the Program, examples of which are provided in the next section; and
- (ii) must not be reported in the Annual Steward Report.

(b) “Deductions” relate to material that is Designated Material by the Program and is Supplied to Consumers, but is managed outside of the Residential Waste System:

- (i) Designated Materials Supplied to a Consumer must be reported in their totality in the Annual Steward Report without deduction insofar as the steward is unable to provide adequate Validation Data in support of its deduction.
- (ii) Designated Materials sometimes may be disposed of outside of the Residential Waste System and therefore may be deducted from the Annual Steward Report as long as the deductions are substantiated and validated through the completion of a Deduction Declaration Form and supported by appropriate Validation Data.
- (iii) Deductions based on where the Designated Material is managed within the Residential Waste System i.e., recycling, garbage or organic stream, are not permitted.

(c) Materials that should be Excluded from the Annual Steward Report because they are not Designated under the Programs

19. Some PPP is not Designated by the Program because the material is never Supplied to a Consumer or is not considered to be packaging. These are known as Exclusions. Stewards do not need to include material which is “Excluded” (i.e. not Designated) in their Annual Steward Report.

20. Examples of Excluded Material include:

1. Durable Packaging

- a. Durable packaging refers to packaging that has a useful life of at least five years, is intended to facilitate longer term storage of the product and remains with the product throughout its useful life.
- b. Where only a portion of the packaging is considered integral to the long-term use or storage of the product, this portion may be excluded from the steward report because it is not Designated PPP.
- c. The following are examples of durable packaging that should not be included in the Annual Steward Report:
 - CD/ DVD cases;
 - power tool cases;
 - vinyl record covers; and
 - the boxboard used to contain, store and transport pieces of a board game or puzzle.

2. Products and services Supplied to IC&I consumers for the IC&I consumers' consumption

- a. Where a steward supplies packaging or paper product materials to the industrial, commercial, or institutional (IC&I) sector, and the material is not disposed of in the Residential Waste System, this constitutes Excluded Material.
- b. PPP Supplied to home offices disposed of in the Residential Waste System are not considered Exclusions and cannot be deducted from the Annual Steward Report because it will be managed in the Residential Waste System, rather than in a commercial establishment's waste management system.

3. Other items to exclude from your report

- a. Do not report items that are not generally considered to be packaging such as accessories to the product that do not serve a packaging function. These items are not Designated Material under the Program. This would include items such as:
 - plastic cutlery,
 - straws, and
 - paper serviettes etc.
- b. Do not report packaging sold as a product (empty) to the end consumer.²⁰ This would include:
 - garbage bags,
 - organic waste bags,
 - food storage bags, and
 - food storage containers.
- c. Do not report items that constitute an integral part of the product. This would include:
 - toner cartridges, and
 - single use cameras.

(d) Deductions Claimed by a Steward in the Annual Steward Report

(i) Introduction

21. A steward must provide the following information in its Annual Steward Report:
 - (a) report on the Net Weight of Designated Material Supplied to Consumers;
 - (b) identify the Gross Weight of the Designated Material, by material type, in the completed Deduction Declaration Form identifying the methodology used to calculate and determine the deduction;
 - (c) maintain the steward's records in support of the deduction for at least five years and make these records available to the Program upon request.
22. The Program may require any steward claiming a deduction to provide additional Validation Data or submit to an audit of the deduction.

²⁰ Retail carry-out plastic bags are considered designated items and must be reported.

23. If the deduction substantiation involves a third-party study, waste audit data, or market research; the steward must ensure that:
- (a) a copy of the study, data or research is included along with the Deduction Declaration Form,
 - (b) the study, data or research must be current, i.e., undertaken or refreshed within the three years preceding the submission year,
 - (c) information such as time frame of the study/research/ data, demographics, location, survey questions, and results are clearly stated,
 - (d) the questions asked in the research and study demonstrate the percentage of PPP managed outside the Residential Waste System versus the percentage consumed²¹ or delivered etc.,
 - (e) any other relevant information.
24. Stewards are not permitted to retroactively claim deductions which they did not claim in a prior Annual Steward Report. The Steward Initiated Adjustment Policy prohibits retroactive methodological changes, and this includes changing the percentage of designated material for which the steward claims a deduction for past years.

(ii) Waste Management Outside of the Residential Waste System

25. Designated Materials that are disposed of outside the Residential Waste System may be deducted from the Annual Steward Report, as long as the deduction is supported by adequate Validation Data and a completed Deduction Declaration Form.²²

Product returns

26. A steward may deduct Designated Material associated with products that are initially Supplied to Consumers, but are:
- (a) returned to retail;
 - (b) never re-Supplied to a Consumer, and
 - (c) disposed of outside of the Residential Waste System.
27. Stewards cannot claim a deduction for product returns where:
- a. the product is returned without its associated PPP; or
 - b. the returned product and its associated PPP are subsequently re-Supplied to a Consumer, as it will re-enter the Residential Waste System.
28. Retailers may only claim this deduction for PPP for which they are the brand owner or first importer.

²¹ In instances where a consumption study is applied, i.e. chip bags consumed in the car or transit, the stewards will be asked to apply a factor that also considers where the packaging is being disposed. For example, chip bags consumed in the car may or may not be disposed of in the residential setting, and therefore should not receive a 100% deduction.

²² An Excel Deduction Declaration Form is available on the WeRecycle portal for stewards to provide information on the types of deductions taken. The form lists examples of acceptable supporting documentation for any deductions, including stock keeping unit (SKU)-level data or relevant third-party studies and their application to the SKU level data. Validation data must be submitted alongside the Deduction Declaration Form to support the review process and confirm the legitimacy of the underlying deduction.

29. A brand owner claiming this deduction must be able to substantiate the quantity of returns to retail.
 - (iii) **Packaging removed from consumer's home**
30. Goods delivered to Consumers may have PPP that is delivered with the product, but the associated PPP is sometimes removed from the Consumer's home by the delivery service.²³
31. This PPP is Designated Material because it is Supplied to the Consumer at the time of the delivery but may be eligible for a deduction if the PPP is removed from the Consumer's home and disposed of outside of the Residential Waste System.
32. Retailers may only claim this deduction for PPP for which they are the brand owner or first importer.
33. A brand owner claiming this deduction must be able to substantiate the quantity of PPP removed from the homes of Consumers at the time of delivery.
34. The steward must have Validation Data such as auditable documentation from various retailers and their delivery network that supports the deduction of this Designated Material from its report and provide supporting information in the Deduction Declaration Form.

²³ Not all Consumers will ask for the Designated Material to be removed at the time of delivery. Further, some delivery companies that do remove PPP at the time of the delivery may use the Residential Waste System for disposal. Some SKUs may have lower rates of delivery than other items (e.g. large appliances).

Appendix H

POLICY FOR SIMPLIFIED STEWARD FEE SETTING DURING THE BLUE BOX WIND UP

KEY FEATURES:

- The Simplified Fee setting Model was approved in 2022 and eliminates the requirement for stewards to submit their annual sales data report in 2022 and 2023.
- For invoice years 2023, 2024 and 2025, the calculation of fees for steward invoices will be governed by a Simplified Fee Setting Model described in this policy.

I. Overview

1. This Policy provides guidance to Blue Box Stewards about a simplified fee setting model (the “**Simplified Fee Setting Model**”) applicable to Stewards’ Stewardship Fee invoices issued by Stewardship Ontario beginning with the 2023 invoice year.²⁴ The Simplified Fee Setting Model eliminates the requirement pursuant to Rules for Stewards Part IV, V, VI to submit their annual sales data report beginning in 2022 for the sales data period 2021.

II. Purpose

2. The Simplified Fee Setting Methodology reduces the administrative burden associated with annual Steward reporting during the wind up of the Stewardship Ontario Blue Box Program.

III. Scope

3. This Policy applies to all Printed Paper and Packaging Stewards who have filed accurate and complete Annual Steward Reports with Stewardship Ontario for their 2020 reporting year (2019 data) and 2021 reporting year (2020 data). Stewards are not permitted to “opt out” of the Simplified Fee Setting Model.
4. This Policy shall remain in force from the time that it is posted on Stewardship Ontario’s website until the time it is replaced or updated with a new version.

²⁴ Capitalized terms have the same meaning as in the Stewardship Ontario Rules, where applicable.

IV. Policy

(a) This Policy Eliminates Annual Steward Reporting

5. But for this Policy, a Steward’s Stewardship Fee invoice would have been calculated using the following data:

Invoice Year	Reporting Year	Data Year
2023	2022	2021
2024	2023	2022
2025	2024	2023

6. Unless otherwise required by this Policy, Stewards will not submit an Annual Steward Report to Stewardship Ontario in 2022 or thereafter.
7. Instead, in accordance with this Policy, each Steward’s 2020 and 2021 reports (2019 and 2020 data) will provide the basis for that Steward’s Stewardship Fee invoices in 2023, 2024 and 2025, using the Simplified Fee Setting Model described in this Policy.

(b) Stewards Must Have Filed Complete and Accurate 2020 and 2021 Annual Steward Reports

8. The Steward must have reported all obligated Printed Paper and Packaging Supplied to residential Consumers in accordance with Stewardship Ontario’s Rules for their Annual Steward Reports filed in 2020 (2019 Data) and 2021 (2020 Data).
9. Stewards that under-reported²⁵ for the 2020 and/or 2021 reporting year(s) may be subject to changes to the Steward’s previously submitted Annual Steward Report in accordance with the Rules and/or the Steward’s Allocation calculated in accordance with Step 3, below, which may impact:
 - the Steward’s invoices for the 2021 and 2022 invoice years in that the fees payable by the Steward for the applicable year(s) may be changed; and/or
 - the Steward’s fees for subsequent years calculated in accordance with this Policy may need to be recalibrated based on corrections to the 2021 and/or 2022 Annual Steward Report(s) and/or changes to the Steward’s Allocation resulting from under-reporting in 2021 and/or 2022.

²⁵ In this section, “under-reporting” occurs when a Steward for any reason whatsoever did not report all PPP Supplied to Ontario Consumers in the manner required by the Rules for the applicable year(s). Where the Steward has under-reported against its obligation in the Rules for any reason, Stewardship Ontario may adjust that Steward’s Allocation at any time prior to windup of the Stewardship Ontario Blue Box Program using the formulae in this Policy.

(c) Steward-Initiated Adjustments to the 2020 and/or 2021 Annual Steward Report(s)

10. But for this Policy, Stewards had two years from the Annual Steward Report submission deadline to request an adjustment to a previously filed Report in accordance with the Policy for Steward-Initiated Adjustment Requests.
11. In order to implement the Simplified Fee Setting Model, Steward-initiated adjustments for the 2020 and 2021 Annual Steward Reports must be submitted to the Program by no later than July 31, 2022, with supporting documentation, in accordance with the 2022 Policy for Steward Initiated Adjustment Requests updated in 2022 found [here](#).

(d) The Simplified Fee Setting Model

12. The Simplified Fee Setting Model will calculate Stewards' annual Stewardship Fee invoices in the following manner:²⁶

(i) Step One: Determine Steward's Fees for 2021 and 2022 Invoice Years

13. Stewardship Ontario will extract each Steward's invoiced Stewardship Fees for invoice years 2021 (Amount A) and 2022 (Amount B).²⁷

(ii) Step Two: Determine the Steward's Fees as Percentage of Stewardship Ontario's Total Budget

14. For each of 2021 and 2022, Stewardship Ontario will apply the following formulae to determine the Steward's Stewardship Fees as a percentage of Stewardship Ontario's total budget:²⁸

(a) For 2021:

$$\frac{\text{Amount A (Steward's invoiced fees for 2021)}}{\text{Amount C (Stewardship Ontario's Total Budget for 2021)}} = \text{Steward's 2021 Percentage Share (Amount E)}$$

(b) For 2022:

$$\frac{\text{Amount B (Steward's invoiced fees for 2022)}}{\text{Amount D (Stewardship Ontario's Total Budget for 2022)}} = \text{Steward's 2022 Percentage Share (Amount F)}$$

²⁶ Please note that these formulae are simplified versions of the analysis that will be performed for fee setting using the Simplified Fee Setting Model. Nothing in the Policy removes Stewardship Ontario's right to exercise its discretion regarding fee setting in appropriate circumstances in the operation of the Program during windup.

²⁷ Amount A and Amount B may be modified by any Program-approved Steward-initiated adjustment or Program correction submitted by the deadline of July 31, 2022.

²⁸ Broadly speaking, Stewardship Ontario's total budget for 2020 and 2021 consisted of the following components: (i) total aggregate quantum payable to municipalities as calculated by RPRA in preparing its Annual Steward Obligation calculation; RPRA overhead amounts; and (iii) Stewardship Ontario overhead amounts.

(ii) Step Three: Determine Each Steward's Allocation

15. Stewardship Ontario will determine each Steward's Allocation (Amount G) by applying the following formula to obtain an average of the Steward's 2021 and 2022 Percentage Shares:

$$\frac{\text{Amount E (Steward's 2021 Percentage Share)} + \text{Amount F (Steward's 2022 Percentage Share)}}{2}$$

(iii) Step Four: Apply the Steward's Allocation to Stewardship Ontario's Total Budget for 2023, 2024 and 2025

16. In order to determine each Steward's fee for invoice years 2023, 2024, and 2025, each Steward's Allocation (Amount G) calculated in Step Three will be applied to Stewardship Ontario's total budget²⁹ for 2023, 2024, and 2025, by applying the following formula:

$$\text{Stewards Allocation (Amount G)} \times \text{Stewardship Ontario's Total Budget for [invoice year]} = \text{Stewards 2023 Invoice}$$

17. For example, if a Steward's Allocation was .24 percent and Stewardship Ontario's 2023 budget is \$167.5 million, the Steward's 2023 invoice will be (.0024 x \$167.5 million = \$402,000).

(e) Circumstances Where the Simplified Fee Setting Model Will Not Apply

18. The Simplified Fee Setting Model will not apply or may be modified as described in the following circumstances, some of which are mandatory and some of which are optional:

(i) Newspapers that are Subject to the CNA/OCNA³⁰ Amendment to the Original Stewardship Ontario Program Plan (Mandatory)

19. In 2005, the Ontario Government approved an amendment to the Stewardship Ontario Blue Box Program Plan relating to newspapers (the "CNA/OCNA Amendment").³¹
20. As a result of the CNA/OCNA Amendment, newspaper Stewards pay some, but not all, of their Stewardship Fees by supplying "in-kind" advertising to Stewards, through the in-kind advertising program operated by RPRA.³²

²⁹ Broadly speaking, Stewardship Ontario's total budget for 2023, 2024 and 2025 consists of the following components: (i) total aggregate quantum payable to municipalities as calculated by RPRA in preparing its Annual Steward Obligation calculation; (ii) RPRA overhead amounts; and (iii) Stewardship Ontario overhead amounts. In the event that the Allocation (calculated annually) attributable to newspaper stewards decreases, the total budget attributable to non-newspaper stewards will increase.

³⁰ CNA/OCNA members are now referred to as members of News Media Canada.

³¹ See the CNA/OCNA Amendment in the following link: <https://stewardshipontario.ca/wp-content/uploads/2013/03/Amendment-re-CNA-OCNA-In-kind-Contribution-Nov-4-2005.pdf>

³² <https://rpra.ca/programs/blue-box/inkind-advertising/>

Given this unique history and circumstances, newspaper Stewards must continue to file an Annual Steward Report. This data will be used by Stewardship Ontario and RPRA to set newspaper Stewards' share of total Program fees and determine in-kind advertising obligations.³³

21. The fees for CNA/OCNA stewards will be determined as follows:
 - Program Management Fee will be calculated by multiplying the reported kilograms of "Newsprint – CNA/OCNA" by 0.0071.
 - Steward Obligation will be calculated by multiplying the reported kilograms of "Newsprint – CAN/OCNA" by 0.0750
 - Fees for Non-Newsprint Material Categories: Fees related to non-newsprint material categories will be determined based on the simplified fee setting model as outlined in section IV. (d) above.¹⁰
- (ii) Divestiture of a Business Subsidiary or Product Line (Optional)**
22. After filing its 2021 Report, a Steward may have sold part of its business associated with one or more of its Brand(s) (a "**Divestiture**"), with the result that it no longer Supplies the Packaging or Printed Paper associated with the Brand(s).
23. This provision:
 - (a) applies only to a Divestiture, and not to a Steward whose Supply of Printed Paper and Packaging has decreased for any other reason; and
 - (b) does not apply retroactively in relation to invoices issued by the Program in 2022 or earlier.
24. In order for a Divestiture to qualify for a reduction in the Steward's Allocation for subsequent invoice year(s), the following conditions must be satisfied in order to be a "**Qualifying Divestiture**":
 - (a) a Divestiture of a Brand results in a net reduction by at least 5 percent or \$1,000 (whichever is greater) of the Stewardship Fees that would otherwise be payable by the Steward under this Policy; and
 - (b) The Steward that acquired the Brand must be willing and able to accept the reporting obligation for the Brand that was divested, with the result that there will be a corresponding increase in the Allocation of the acquiring Steward.
25. In the case of a Qualifying Divestiture, the Steward has the option, but not the obligation, to apply to the Program to have its Allocation recalculated and applied for the purposes of calculating its Stewardship Fees in subsequent year(s).

³³ Newspaper stewards who report non-OCNA/CNA material categories such as magazines, LDPE/HDPE Film will use the simplified fee model to account for their obligation associated with non-newsprint materials.

26. The deadline for making a request described in this section is July 31 of a calendar year, in order to be considered for the invoice issued in relation to the subsequent year. Changes cannot be made retroactively to prior year invoices. No changes will be permitted for partial calendar years.

27. In order to apply for a recalculation of the Steward's Allocation, the Steward must:
 - (a) at the time of notification, pay a non-refundable administrative fee to Stewardship Ontario in the amount of \$500.00, failing which the Steward's request will not be considered; and
 - (b) complete the following steps:
 - (a) Step One: Notification**

By July 31, a Steward that wants to apply to the Program for a modified Allocation for a subsequent Program invoice must:

 - a. notify the Program at WeRecycle@stewardshipontario.ca, with the subject line: "Request for Modified Allocation due to Brand Divestiture"; and
 - b. provide an explanation about the Divestiture that addresses the following issues:
 1. Describe the Divestiture in sufficient detail for the Program to validate that it was a Brand Divestiture;
 2. Identify the date on which the Divestiture took effect;
 3. Identify corporate entity (including corporate name and corporate contact person) that assumed responsibility for the affected brand(s);³⁴
 4. The Steward's rationale (with supporting data) for its belief that the Divestiture meets with qualifying financial terms (reduction in Stewardship Fees of at least 5 percent or \$1,000 whichever is greater).

(b) Step Two: Preliminary Assessment by the Program

Based on the information provided by the divesting Steward in Step One, the Program will:

- a. undertake a preliminary assessment to determine, subject to receiving complete data in Step Three, whether the Steward may qualify under this provision to modify its Allocation;
- b. confirm with the Steward that acquired the Brand that its Allocation will be increased in a manner that corresponds with the

³⁴ The acquiring company will now become responsible for reporting for the brand(s) to the Program.

reduction in the divesting Steward's Allocation; and

- b. notify the divesting Steward of its provisional decision, which will be subject to receiving additional data from the Steward.

(c) Step Three: Steward Report Completion

If the Steward provisionally qualifies for a modified Allocation due to a Divestiture:

- a. The divesting Steward must provide a report, in the form requested by the Program, regarding the Brand(s)' Paper and Packaging for which it is no longer the obligated Steward because of the Divestiture.
- b. The divesting Steward will not be permitted to change other aspects of its prior Annual Reports (e.g., where a reduction in Supplied Printed Paper and Packaging has arisen for any reason not directly connect the Divestiture of the affected Brand(s)).
- c. The Program will review the divesting Steward's report and make a final determination about whether the divesting Steward satisfies the conditions of this section.

(d) Step Four: Recalculation of the Divesting and Acquiring Stewards' Allocation Amounts

- a. With reference to the divesting Steward's 2020 and 2021 Reports and any additional data requested by the Program, the Program will remove the amount of Printed Paper and Packaging associated with the divested brand(s) and recalculate the Steward's Allocation (the "**Recalculated Allocation Amount**").
- b. The Program will advise the divesting Steward of its Recalculated Allocation Amount.
- c. The Program will advise the acquiring Steward of its Recalculated Allocation Amount.
- d. The divesting and acquiring Stewards' Recalculated Allocation Amounts will apply to the calculation of all subsequent Stewardship Fees invoiced to the Steward, unless the Steward later qualifies for another exception in accordance with this Policy.

(iii) Discontinuance of a Product Line (Optional)

28. After filing its 2021 Report, a Steward may have discontinued one or more SKUs³⁵ (a "**Discontinuance**"), with the result that it no longer Supplies the Packaging or Printed Paper associated with the SKUs.

³⁵ Stock Keeping Units.

29. This provision:
 - (a) applies only to a Discontinuance, and not to a Steward whose Supply of Printed Paper and Packaging has decreased for any other reason;
 - (b) does not apply retroactively in relation to invoices issued by the Program in 2022 or earlier.

30. In order for a Discontinuance to qualify for a reduction in the Steward's Allocation for subsequent invoice year(s), the following condition must be satisfied:
 - (a) the Discontinuance of a Brand results in a net reduction by at least 5 percent or \$1,000 (whichever is greater) of the Stewardship Fees that would otherwise be payable by the Steward under this Policy a "**Qualifying Discontinuance**").

31. In the case of a Qualifying Discontinuance, the Steward has the option, but not the obligation, to apply to the Program to have its Allocation (in Step Three) recalculated and applied for the purposes of calculating its Stewardship Fees in subsequent year(s).

32. The deadline for making a request described in this section is July 31 of a calendar year, in order to be considered for the invoice issued in relation to the subsequent year. Changes cannot be made retroactively to prior year invoices. No changes will be permitted for partial calendar years.

33. In order to apply for a recalculation of the Steward's Allocation, the Steward must:
 - (a) at the time of notification, pay a non-refundable administrative fee to Stewardship Ontario in the amount of \$500.00, failing which the Steward's request will not be considered; and
 - (b) complete the following steps:
 - (a) Step One: Notification**

By July 31, a Steward that wants to apply to the Program for a modified Allocation for the next-issued Program invoice must:

 - a. notify the Program at WeRecycle@stewardshipontario.ca, with the subject line: "Request for Modified Allocation due to a Discontinuance"; and
 - b. provide an explanation about the Discontinuance that addresses the following issues:
 1. Describe the Discontinuance in sufficient detail for the Program to validate that it was a Discontinuance;
 2. Identify the date on which the Discontinuance took effect;
 3. The Steward's rationale (with supporting data) for its belief that the Discontinuance meets with qualifying financial terms (reduction in

Stewardship Fees of at least 5 percent or \$1,000 whichever is greater).

(b) Step Two: Preliminary Assessment by the Program

Based on the information provided by the Steward in Step One, the Program will:

- a. undertake a preliminary assessment to determine, subject to receiving complete data in Step Three, whether the Steward may qualify under this provision to modify its Allocation; and
- b. notify the Steward of its provisional decision, which will be subject to receiving additional data from the Steward.

(c) Step Three: Steward Report Completion

If the Steward provisionally qualifies for a modified Allocation due to a Discontinuance:

- a. The Steward must provide a report, in the form requested by the Program, regarding the Brand(s)' Paper and Packaging for which it is no longer the obligated Steward because of the Discontinuance.
- b. The Steward will not be permitted to change other aspects of its prior reports where a reduction in Supplied Printed Paper and Packaging has arisen for any reason not directly connected with the Discontinuance of the affected Brand(s).
- c. The Program will review the report and make a final determination about whether the Steward satisfies the conditions of this section.

(d) Step Four: Recalculation of the Steward's Allocation Amount

- a. With reference to the Steward's 2020 and 2021 Reports and any additional data requested by the Program, the Program will remove the amount of Printed Paper and Packaging associated with the Discontinued Brand(s) and recalculate the Steward's Allocation (the "**Recalculated Allocation Amount**").
- b. The Program will advise the Steward of its Recalculated Allocation Amount.
- c. The Recalculated Allocation Amount will apply to the calculation of all subsequent Stewardship Fees invoiced to the Steward, unless the Steward later qualifies for another exception in accordance with this Policy.

(iv) Stewards that Enter the Ontario Market, Leave the Ontario Market, or have not Filed their Complete and Accurate 2020 and 2021 Reports for any Reason (Mandatory)

34. This provision applies to any Steward that:

- (a) began to Supply PPP to the Ontario Market at any time, but was not registered with Stewardship Ontario by January 1, 2022 (“**New and/or Previously Unregistered Steward**”);
- (b) has not Filed Annual Steward Reports for 2020 and/or 2021 or has filed incomplete Reports for those years (“**Registered Steward with Incomplete 2020 or 2021 Report(s)**”); or
- (c) entirely stopped supplying all PPP to the Ontario Market at any time after the Program issued its invoice for 2023 (“**Steward Has Entirely Left the Ontario Market**”).

35. **New and/or Previously Unregistered Stewards:**

For any New and/or previously Unregistered Steward,³⁶ the Steward will be on-boarded to the Program in accordance with the Program’s Onboarding Policy found [here](#), including, if applicable, the need to file past reports and pay fees for all prior years in which the Steward was obligated in accordance with the Rules.

36. **Registered Steward with Incomplete 2020 or 2021 Report(s):**

For any Registered Steward with Incomplete 2020 or 2021 Report(s) (other than Stewards that qualified for a Steward Exemption in Part V of the Rules), the Steward must accurately complete its 2020 or 2021 Report(s) by July 31, 2022,³⁷ failing which, if applicable, the Steward’s Allocation and resulting Stewardship Fee invoice for 2023 and all subsequent years will be based on a proxy Allocation equal to:

- (a) the most recently completed Annual Steward Report and
- (b) the Steward’s percentage share of Stewardship Ontario’s corresponding budget for the most recently completed Annual Steward Report, plus 50 percent (the “**Proxy Allocation Amount**”).

37. **Steward Has Entirely Left the Ontario Market:**

For any Registered Steward that entirely stopped supplying any PPP to the Ontario market at any time after the Program issued its invoice for 2023, the Steward must notify Stewardship Ontario at WeRecycle@stewardshipontario.ca and, provided that the Steward is no longer obligated for any PPP in Ontario, the Steward will be off-boarded from the Program in the same manner that existed

prior to the implementation of this Policy and the Simplified Fee Setting Method. A Steward who is off-boarded under this section will be obligated from the date they begin to Supply PPP to the date they no longer Supply PPP.³⁸

³⁶ This provision does not apply to Stewards that previously qualified for a Steward Exemption from Registering, Reporting or Paying Fees under Part V of the Rules.

³⁷ Late reports and late fees are subject to the Penalty and Interest Policy.

³⁸ Management of Voluntary Stewards is outlined in the Voluntary Steward Agreements and Voluntary Steward Policy

Appendix I

DISPUTE RESOLUTION POLICY

KEY FEATURES:

- The policy creates a framework to work collaboratively to resolve disputes and where necessary, a fair mechanism to achieve final and binding resolutions.
- Stewards may initiate dispute resolution in accordance with this policy.
- Requests for dispute resolution must be submitted in writing.

I. Overview

1. This policy provides guidance to stewards regarding dispute resolution policy and procedures.
2. Nothing in this policy limits a program's ability to escalate a steward to the applicable Ministry or Authority in accordance with the governing legislation.

II. Purpose

3. The stewardship programs and stewards share a common goal to promote fairness for all stewards and to enable the stewardship programs to operate in a cost-effective manner.
4. Despite this, disagreements may arise from time to time. It is important to have a fair process to address disputes in a timely manner, minimizing the impact to the programs' and the stewards' organizational operations.
5. In circumstances where an issue cannot be resolved informally, this policy sets out the way issues will be addressed in a manner that balances:
 - administrative efficiency;
 - fairness;
 - cost to one or more of the stewardship programs and the steward; and finality

III. Scope

6. This policy applies for all stewards and voluntary stewards ("stewards") meeting their regulatory stewardship obligations in Stewardship Ontario Blue Box Program supported by Circular Materials with respect to the steward's payment of fees ("dispute").³⁹

³⁹ Please note that nothing in this policy limits a program's ability to escalate a steward to the applicable Ministry or Authority in accordance with the governing legislation

IV. Policy

7. If a dispute arises between a steward and a stewardship program the steward may initiate Dispute Resolution by way of the following steps.⁴⁰

Step 1: Notice of Concern

8. If an issue arises, which the steward has been unable to resolve with the staff member with whom they have been working most closely, the steward must within 30 days raise the matter with the stewardship program(s) in writing by sending an email:
- (a) to the email address disputes@circularmaterials.ca;
 - (b) with the subject line: “Dispute Resolution Request” and the steward’s name and steward number;
 - (c) summarizing the nature of the dispute, the impacted stewardship program(s), the key facts, and attaching any relevant documentation.

Step 2: Informal Discussion

9. Within 30 days of receipt of written notice, Circular Materials staff will contact the steward on behalf of the stewardship program(s) to:
- (a) clarify the nature of the concerns;
 - (b) request any further documentation in support of the concerns; and
 - (c) arrange for and facilitate a meeting in person or by telephone to attempt to address and resolve the concerns with the steward and with stewardship program representatives.

Step 3: Management Discussion

10. If the dispute remains unresolved following the Informal Discussion, the steward must, within 30 days of the completion of the Informal Discussion:
- (a) send an email to Circular Materials at disputes@circularmaterials.ca with the subject line “Dispute Resolution Management Meeting Request” and the steward’s name and steward number;
 - (b) summarize the concerns which remain outstanding following the Informal Discussion;

⁴⁰ A steward’s dispute resolution request may be closed by the Program(s) if the steward fails to respond to the Program(s) within 30 days

- (c) provide all documentation in support of the concerns and such other information or documentation requested by Circular Materials on behalf of the stewardship program(s).

11. Within 30 days of receipt of written notice, Circular Materials will arrange for and facilitate a meeting between senior representatives of the steward and the stewardship program(s) to discuss and attempt to resolve the concerns.

Step 4: Arbitration

12. If the steward's concerns remain unresolved following the Management Discussion, and the steward wishes to pursue the matter, the steward must within 30 days of the completion of the Management Discussion:

- (a) send an email to disputes@circularmaterials.ca with the subject line "Arbitration Request" and the steward's name and steward number;

- (b) summarize the concerns which remain outstanding following the Management Discussion; and

- (c) provide all documentation in support of the concerns and such other information or documentation requested by the stewardship program(s).

13. For Arbitration:

- (a) within 30 days of receipt of the steward's request for arbitration, the steward and the stewardship program(s) shall jointly agree upon an arbitrator; ⁴¹

- (b) an arbitration lasting no more than four hours shall be scheduled to take place on a mutually convenient date;

- (c) the steward and the stewardship program(s) shall divide the time equally to present their position to the arbitrator;

- (d) the steward and the stewardship program(s) shall each be entitled to:

- (i) make submissions to the arbitrator; and
- (ii) submit documentary and other evidence to the arbitrator.

⁴¹ If the stewardship program(s) and the steward cannot jointly agree on an arbitrator, each of the stewardship program(s) and the steward shall jointly submit two names of potential arbitrators, and the identity of the arbitrator shall be chosen randomly from the four possible names.

- (e) The decision of the arbitrator shall be final and binding. The steward and the stewardship program(s) have no right of appeal or review. In particular, the court has no jurisdiction to hear an appeal or a judicial review from the arbitrator's decision.

- (f) Each party shall bear its own costs of the arbitration, regardless of the outcome. The arbitrator's fees shall be split equally between the parties, regardless of the outcome. The arbitrator shall have no jurisdiction to award costs in favour of one party or the other party.
